**THE PAVILION.**

**A Brief Description of Its Appearance Yesterday.**

Yesterday afternoon a JOURNAL reporter visited the Pavilion and found the work in the different departments progressing rapidly, which shows plainly that Mr. Mulcahy, Superintendent of the Pavilion, is "the right man in the right place," as never before did the Pavilion present such a fine appearance on the first day.

On entering the building, the first display that greets the eye is John Wieland's lager beer. An arbor completely covered with hops and bunting makes a tasteful arrangement for the display of bottled beer beneath it. Immediately following is the space occupied by the Boca Browing Co., of Boca, Cal. Their display is very neat. Then after looking wistfully at the beer, one feels conscience-stricken, for as he turns his head he sees the good ladies of the W. C. T. U. preparing their booth of mottoes and flowers, in the center of which is a beautiful fountain. Turning to the left Mr. Longbaugh was arranging all kinds of buggies and carriages in the space which he will fill. Adjoining this is the space filled by Manning & Jaques with stoves, tinware, etc., which speaks for itself. At the right of the entrance will be seen products from Thermillo, which Messrs. Preble & Young enter. On the same side of the building the reporter found Mr. David Mitchell weaving on his loom a dainty bedspread. Mr. E. A. Moore has a fine display of Nevada honey, which fills one portion of a show-case. On ascending the stairs, the upper floor presents a holiday attire, for it is scarcely possible to see a board, as the walls are covered with flags, bunting, quilts, afghans, robes and paintings.

The two rooms at the head of the upper floor are used for an ice cream parlor and soda water, and both are neatly arranged. One end of the Pavilion is left for the display of dry goods to be made by Sol Levy. Although not completed it will be a great attraction. Mrs. C. W. Jones has one corner filled with dainty fancy work and elegant embroidery. In another corner the ladies of the Episcopal Church Guild have arranged the work made by them during the Summer, which is exquisite in every way. Adjoining this is a large space filled with work of every description made by the ladies of the Carson Art Association, which for elegance and beauty surpasses any work ever displayed in Reno.

The boys and girls under sixteen have done very little work. There were only a few entries made by girls and only one by a boy. O. Hartung has a space filled with crackers made at the Nevada Factory. Jno. Sanderland has a fine exhibit of boots and shoes. A space is reserved for Jno. Brenner, of Sacramento, for furniture. On the south side of the Pavilion, there are several frames of preserved flowers from the banks of Donner lake, collected by H. F. Rhodes, of Truckee, Cal. C. J. Brookins has entered several fine pianos; organs and an orchestra. Needham's furniture house will be represented, and Engau & Oakes will also make a display in the same line. Hodgkinson & Co., have a neat little show case filled with druggist's sundries. C. M. Fasset, assayer and druggist, has a display of splendid articles in his line. W. N. Knox has entered four organs and two pianos. Bergman, the clothier, will make a display in one corner of the Pavilion. Evans, the photographer, has some excellent work on exhibition. J. B. Monaco, an artist from Eureka, Nevada, has sent some splendid work.

Not all the entries have been made yet, but the exhibition at the Pavilion promises to be the finest ever held in Reno. When everything at the Pavilion is in proper shape, an elaborate description will be published in the JOURNAL.

**MORE RACE HORSES.**—Yesterday morning the following horses arrived here from Sacramento: Lige Clark, Rock, May Blossom, Col. Hawkins, Clara G., Wallace G., Franklin, Prince, Pocahontas and two colts belonging to Theodore Winters. They were taken to the Fair grounds on their arrival.

**SKATING RINK**—Skating every afternoon from 2 to 5, and every evening from 7 to 10 o'clock in Kimball's Hall. Saturday afternoon for ladies only.

**SALOON SOLD.**—The Monarch Saloon on Virginia street was transferred yesterday to Humphreys & Wilson, of Reno. The place will be conducted hereafter by the above named gentlemen, and will be carried on in first-class style. The best liquors and cigars will be dispensed over the bar, and every courtesy will be extended to patrons. Give the new proprietors a call and enjoy the exhilarating effects of a substantial cock-tail.

The people of Reno and vicinity are now offered a good opportunity to have an excellent portrait made of any style or size, and at very moderate prices. Attention is called to my display of pictures at the pavilion. Studio over Sanderland's shoe store, Virginia street, Reno. J. B. MONACO, Artist.

**FINE CATTLE.**—E. W. Crutcher will exhibit eighteen head of thoroughbred cattle at the Fair. They are composed of Durhams, Herefords, Polled Angus and Galloways, ranging from yearlings upward.

Little Georgie Russel and his Shetland pony team will be in from Elko to-day, and appear in the Stock Parade Saturday morning.

The Truckee and Verdi box factories are running full-handed, and are crowded with orders.

There will be a number of California horses arrived here this week.  
The teams running to the Fair Ground were well patronized yesterday.  
An awning is being erected in front of the Palace Dry Goods Store.  
The balloon ascensions will be exceptionally grand during the Fair.  
Ely is suffering from a scarcity of lumber. Several buildings are delayed on this account.  
Visitors at Sacramento say that the hotel accommodations were limited and occasionally much comment.

THE FIRST DAY.

The State Fair—Auspicious Opening—Lovely Weather—Good Races—Fine Sports To-day.

The State Fair commenced yesterday and the first day was perfectly satisfactory. The weather was perfect. The races were four in number, and very good. The three-quarter dash was won by Winters' Alcatraz, Panama second, Lady B. third; time, 1:19 3/4. The three-eighths dash, for 2-year-olds, was won by Al Farrow, Lady Kent second; time, :40. The half-mile dash between Look-out and Sleepy Dick was as pretty a race as was ever run on the track, and the time was :49, Lookout winning by a head. In the pools Sleepy Dick was the favorite at \$25 to \$16. The mile and an eighth dash was won by Alcatraz, Mollie McShane second; time, 2:08. To-day the balloon ascension will take place at 12 o'clock. There will be two trotting races and one running race. The latter will be a mile dash, and Lige Clark, Rock and May Blossom will contest. The first trot will be for the 3-minute class, and the entries are Jack, Reno Belle, Sparkle, Nick and Johnny Golong. The free-for-all, 3 in 5, will be a pretty race between Wallace G., Col. Hawkins and Victor, Gibraltar having been withdrawn.  
Stock of all kinds are still coming in, and the parade Saturday will be a grand sight.  
The ladies will ride to-morrow morning.

THE SAVAGE MINE.—The Savage Company is now negotiating for the lease of a stamp mill to convert into bullion the large area of ore exposed in the mine. The area has a depth of over 400 feet, and has been followed for a length of 85 feet, and where crosscuts were sent in they exposed a breadth of 12 feet. The bins in the ore dump and drifts in the mine are now filled with loose ore extracted in explorations, and operations are actually retarded through lack of storage space. So says the Chronicle.  
LEG BROKEN.—Last evening J. N. Evans met with an accident that will confine him to his home for some time to come. NORMANS.

E. C. Hardy's Display of Stallions at the Track.

E. C. Hardy, Manager of the Oasis Ranch Co., has on the Fair grounds eleven head of Norman Percheron stallions. Blondeau, private stud of Oasis Ranch, a dapple gray stallion, weight 1,750 pounds, was imported from France in 1881. This stallion has the form and action of a quarter-horse.  
St. Laurent, Jr., a dark gray, extra fine three-year-old seven-eighths blood colt, weight 1,615 pounds; sired by the famous old St. Laurent.  
Carter, a dark gray, seven-eighths blood, three-year-old colt, weight 1,400 pounds, is a tall, rangy, heavy boned, clean-limbed stallion; sired by the noted imported stallion, Powerful, that sold when three years old at \$3,000, his dam having blood of both the historical stallions, St. Laurent and old Lewis Napoleon.  
Du Dee, an iron-gray, three-year-old, heavy set, blocky, fine formed, draft stallion, seven-eighths blood; sired by imported Du Dee, dam, sired by imported Modoc. Du Dee has a proud arched neck, has fine style for a draft stallion; weight 1,400 pounds.  
Brutus, a light iron-gray three-year-old, three-fourths blood, general purpose stallion, is one-fourth Hambletonian, has a proud, arched neck, and shows the great success to be obtained by crossing the Norman stock with driving, thus producing a class of noble carriage and coach horses, now so desirable for Washington City and other Eastern cities.  
Lamont, a black, two-year-old, seven-eighths blood stallion, sired by the noted imported, Powerful, whose weight was 1,900 pounds; Dam was sired by the imported Pioneer; this is a powerful draft colt, standing on powerful, well formed legs, with broad, strong back and has a proud, arched neck.  
Hammond, a black, two-year-old stallion, is a tall, long-bodied, well formed draft colt, of grand appearance, although thin in flesh, was sired by imported, Duke of Hudson; dam, sired by imported Gambetta, and grand dam by Favorite.  
Machere, a dark gray, two-year-old, seven-eighths Norman, and one-eighth English draft horse, a very large powerful, well formed stallion, with the usual proud, arched neck. This is the largest colt shipped this season by the company, and whoever is fortunate enough to buy him, can safely expect to own a well formed draft horse, of one ton weight, carrying one-fourth of the blood of the noted St. Laurent.  
Iowa, a very dark, iron-gray two-year-old stallion, seven-eighths blood, tall, rangy colt, has a proud, gay appearance, was sired by Old Europe, dam Jossie by St. Laurent, grand dam by Lewis II and he by the historical old Lewis Napoleon. This noble horse certainly shows the blood of his noted sires.  
Rolo, gray, one-year-old, full-blooded stallion, sired by dapple-gray Almeida, whose weight was 1,800 pounds; dam of Rolo Tina, a gray mare, weight 1,800, Tina by Loriet, weight 1,900 pounds, dam of Tina, Hallie, a gray mare weighing 1,800 pounds; Hallie by the noted St. Laurent; dam of Hallie, Amelia, a fine formed mare of 1,600 pounds weight; Amelia by Lewis II, imported by Gilmore Houser, of Marion county, Ohio, and sold in 1868 to E. Dillon & Co., Normal, Ill.  
Napoleon II, dapple-gray, and weighed 1,700. Dam of Amelia, Carrie Louise, a gray mare, weight 1,500. Carrie Louise by the historical old Lewis Napoleon, weight 1,600 pounds, imported in 1851. Rolo's ancestors trace choicest draft blood for the past 25 years.  
Rothron II, a coal-black, two-year-old three-quarters blood stallion, one-quarter Hambletonian. Rothron was sired by imported Rothron, dam sired by imported Victor. This is a natural coach stallion, high head and fine imposing appearance, and is another evidence of the successful crops of the French horse on fine mares.  
Mr. Hardy spent months selecting these stallions from the largest and best studs of the United States, and the fine appearance of the colts bespeak well for his good judgment.

ATTEMPT TO ROB A MINE.—At 9 o'clock on Sunday night, William Hickes, watchman at the North Star mine, at Grass Valley, was sand-bagged by two masked men. The first blow did not stun him, and the watchman shouted for help, and was again struck and felled; one of his assailants producing a pistol, said: "Shall I shoot him?" "No," said his accomplice. Footsteps approaching the men escaped and were not apprehended. It is supposed that the object was to quiet the watchman and rob the mill. As a cleanup was made Saturday night they would have got little. No work is done at the mill Sundays. Hickes is not much hurt. There is no clue to the would-be murderers and robbers.  
The sale of reserved seats for the engagement of the Webster-Brady Company will commence to-morrow at the postoffice.

A MYSTERY.—Tuesday night the Coroner was notified that the body of a new born babe was found floating in the Electric Light Company's ditch below town. The remains were taken in custody by the Coroner and brought to the undertaking establishment of W. Sanders. The babe is fully developed and whether still born is a question to be determined at the inquest which was held yesterday. The body had been dipped in coal tar either to preserve it or to make disinterment difficult. So far as could be seen no marks of violence were distinguishable but when the coat of tar is removed it may be that something will be discovered that will throw some light upon the cause of its death. There is something radically wrong somewhere or the body would not have been consigned to the river. It is in a fine state of preservation, showing that it had not been dead any length of time. The officers are all at work trying to solve the mystery and developments can be looked for to-day.
